Participation beyond one generation

Masters contributed a distinct layer to European Championship participation.

2,499

Unique athletes excluding Masters-only competitors

1,563 men / 936 women

536

Athletes competing only in Masters

Identified separately from the non-Masters calendar

37.5%

Sources and counting principles

Scope and reconciliation notes for the published statistical tables.

DATA ORIGIN

Source workbooks: PEU_2026_Arquivo_Estatistico_Completo(1).xlsx and PEU_2026_Medalheiro_Anual_Corrigido_Final.xlsx. Champion names were supplemented from the underlying race result spreadsheets, XML files and official Paddle Europe event reports.

42 COMPETITION DAYS

Each venue/date with effective European Championship competition counts once. Overlapping championships at one venue do not multiply days; events held at distinct venues on the same date count separately.

3,035 UNIQUE ATHLETES

Unique people identified across the 13 championships for which nominal competitor information could be reconciled. The Milan Canoe Polo club event contributed 302 registrations; they are counted in activity but not deduplicated unique athletes.

260 FEDERATION TITLES + 2 CLUB TITLES

The reconciled medal workbook records 262 titles and 785 podium positions: 208 non-Masters federation titles, 52 Masters titles and two club titles. Podium positions include 779 federation events and six club podiums.

CHAMPIONS INDEX COVERAGE

The appended register contains 262 gold-medal event entries with names and NOC: 208 non-Masters federation titles, 52 Masters titles and two club championships. Four Slalom Masters team titles are included under the approved five-country rule.

MIXED-NATIONALITY CREWS

When a winner represents a cross-national crew, a paired NOC is shown where identifiable. Rankings in the source workbook may use MIX; that is not a national federation.

CHAMPIONSHIP ELIGIBILITY

In the Slalom Masters team events, countries represented by competitors are counted even in multinational teams. The WC1 Teams Open field represented five countries across two teams and is eligible under the confirmed PEU criterion. SUP Masters use the official 21-title SUP programme without a five-nation filter.

AUDIT TRAIL

Marathon KL2 Men and KL3 Men were already included among the 29 official Marathon gold events. The earlier summary had added these two events and six podiums twice. The corrected count is 262 titles and 785 podiums overall.
